

Program Overview

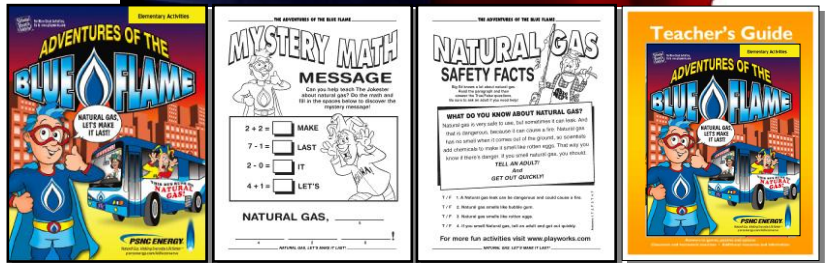

Students will learn:

- What is natural gas
- The uses of natural gas
- How to conserve natural gas
- How to be safe around natural gas

Scene from *Adventures of the Blue Flame*

Student Workbooks and Teacher Guide

The National Theatre for Children uses professional actors who perform an action-packed adventure combined with high energy comedy to teach students educational messages through a fun experience.

The Adventures of the Blue Flame features two professional actors who play a variety of characters in the 25-minute program. Students learn about natural gas and energy efficiency while cheering on the play's hero, *The Blue Flame* who needs to stop an evil villain who is using natural gas unwisely all over town.

Scene from: *Adventures of the Blue Flame*

Performances are performed live in school for K thru 6th grade students. Each show includes grade appropriate workbooks for each student, comprehensive teacher guides and classroom posters.

Teach. Entertain. Inspire.
